

Using theUB.org as online database of the Urantia Papers

(create hyperlinks and attach to text/graphics/audio/video in web pages)

For example, to promote a topical study, identify the Paper:Section.Paragraph of Papers that support the study, create a web page(s) and add the hyperlinks.

Samples: http://www.theub.org/part-iv.html#P140_1_5 (Paragraph 140:1.5)

http://www.theub.org/part-iii.html#P092_4 (Section 92: 4)

<http://www.theub.org/part-iv.html#WDJT> (topical study)

<http://www.wdjt.org> (contains link to topical study)

Page link convention: Foreword = /foreword.html

Part I = /part-i.html , Part II = /part-ii.html

Part III = /part-iii.html , Part IV = /part-iv.html

Paper:Section.paragraph convention: #Pnnn_S_p

where nnn = Paper number, S = Section number, p = paragraph number

Link to Paper only = #Pnnn_0 , Link to Section only = #Pnnn_S

Note: only Paper requires leading zeros (Papers 000-196; 000 = Foreword)

Links to A-Z Index entries require use of internal entry name.

Sample: <http://www.theub.org/foreword.html#midwayers>

For most entries, these conversions apply (also replace '.' with '#'):

.cosmos-infinite = #cosmosinfinite (remove hyphen)

.Norway = #Norway , .midwayers = #midwayers (maintain upper/lower case)

.North America = #North_America (use underline for space)

.dissociation, psychic = #dissociation_psychic (ignore comma)

.distances (astronomic) = #distances_astronomic (ignore parentheses)
